

Anna Neufeld

Contact Information	Department of Statistics University of Washington Padelford B-222 Seattle, WA, 98195	aneufeld@uw.edu https://anna-neufeld.github.io
Education	University of Washington , Seattle, Washington. Statistics PhD Candidate	2018-Present
	Williams College , Williamstown, MA BA in Mathematics (Highest Honors) and Computer Science. <i>Summa Cum Laude</i>	2014-2018
Research Experience	Research Assistant (University of Washington) <ul style="list-style-type: none">• Advisor: Daniela Witten• Working on methods for testing data-driven hypotheses in the context of regression trees and differential expression analysis for single cell RNA-sequencing data. Williams College Undergraduate Honors Thesis <ul style="list-style-type: none">• Advisor: Brianna Heggeseth• Proposed using longitudinal regression trees to study the impact of early exposure to environmental pollutants on the shape of body mass index trajectories later in life. After developing novel evaluation metrics to measure the “shape-based” accuracy of a tree, developed a spline projection method that groups individuals by the shape of their individual trajectory while ignoring the level of their trajectory. SMALL Research Experience for Undergraduates <ul style="list-style-type: none">• Advisors: Julie Blackwood and Lauren Childs• Used compartmental differential equation models to quantify the relative contributions of sexual transmission and vector transmission in the spread of the Zika virus.	2020-Present 2017-2018 Summer 2016
Teaching Experience	Visiting Lecturer Williams College Department of Computer Science <ul style="list-style-type: none">• Co-instructing CS 374T, Machine Learning, with Prof. Andrea Danyluk• Tutorial style course (modeled after Oxford University tutorials), which involves meeting with two students at a time. 10 total students enrolled in the course. Instructor of Record University of Washington Department of Statistics <ul style="list-style-type: none">• Stat 311: Elements of Statistical Methods• ~60 students Head Teaching Assistant University of Washington Department of Statistics <ul style="list-style-type: none">• Stat 311: Elements of Statistical Methods	Spring 2021 Summer 2019 Autumn 2019, Winter 2020

- Developed lab assignments, maintained lab website, helped write assignments and exams, served as liaison between professor and other TAs.
- ~180 students total.
- Led two lab sections of 30 undergraduates each.

Graduate Teaching Assistant

2018-2020

University of Washington Department of Statistics

- Stat 570: Regression methods for independent data (Autumn 2021)
- Stat 527: Nonparametric Regression (Spring 2021)
- Stat 311: Elements of Statistical Methods (Autumn 2018, Spring 2020)
- Stat 423: Applied Regression and Analysis of Variance (Winter 2019)
- CSE/Stat 416: Introduction to Machine Learning (Spring 2019).

Undergraduate Teaching Assistant

September 2015 - May 2018

Williams College Departments of Computer Science, Mathematics, and Statistics

- Data Structures and Advanced Programming (Fall 2015), Linear Algebra (Spring 2016, Spring 2017), Abstract Algebra (Fall 2016), Regression and Forecasting (Fall 2017, Spring 2018)
- Duties included grading homework, holding office hours, and running review sessions.

Workshop Leader

January 2018

Williams College Office of Academic Resources

- Worked with a group of undergraduates and the Office of Academic Resources to pilot a new program of coding workshops
- Taught a series of workshops in R to undergraduates from a variety of departments and graduate students from the Center for Development Economics.

Peer Tutor

2016-2018

Williams College Office of Academic Resources

- Nominated by faculty to serve as a peer tutor. Held one-on-one and drop-in tutoring sessions for microeconomics, macroeconomics, calculus, linear algebra, real analysis, statistics, and computer science.
- Also worked one on one with biology research students who needed help conducting data analysis in R.

Publications

Neufeld, A. and Witten, D. (2021). Discussion of Breimans Two Cultures: From Two Cultures to One. *Observational Studies*.

Maxian, O*, **Neufeld, A.***, Talis, E. J.*, Childs, L. M., & Blackwood, J. C. (2017). Zika virus dynamics: When does sexual transmission matter?. *Epidemics*, 21, 48-55. (* denotes equal contribution)

Preprints

Anna C. Neufeld, Lucy L. Gao, Joshua Popp, Alexis Battle, and Daniela Witten (2022+) Inference after latent variable estimation for single cell RNA-sequencing data. <https://arxiv.org/abs/2207.00554>. Winner of best student paper award at WNAR, 2022.

Anna C. Neufeld, Lucy L. Gao, and Daniela M. Witten (2021+) Tree-Values: selective inference for regression trees. <https://arxiv.org/pdf/2106.07816>

Software	countsplit: splitting integer-valued count matrices. R package available on github, with tutorials available on our website		
	treevalues: selective inference for regression trees. R package available on github, with tutorials available on our website		
	splinetree: longitudinal trees and forests using a spline projection method R package. Available from github and CRAN. Tutorials available on our website		
Invited Presentations	<ul style="list-style-type: none">International Seminar on Selective Inference, June 2022, Virtual. [recording], [slides].		
Professional Experience	Cogo Labs, Cambridge, MA Data Analytics Intern	June 2017-August 2017	
	<ul style="list-style-type: none">Worked with a team of engineers, designers, and analysts to build and market a website. Analyzed market data with SQL, analyzed site performance with google analytics and piwik, and assisted with backend web development in python.		
Honors and Awards	University of Washington 2021 Nominated for Excellence in Teaching Award <i>Center for Teaching and Learning</i> 2020 Dorothy M. Gilford Excellence in Teaching Award <i>Department of Statistics</i> Williams College 2018 W. Marriott Canby Athletic Scholarship Prize (for highest standing in scholarship among senior varsity athletes) 2018 Robert M. Kozelka Prize in Statistics 2018 Sigma Xi Scientific Honor Society 2017 Phi Beta Kappa National Honor Society 2016-2018 New England Small Colleges Athletic Conference (NESCAC) All-Academic team 2016-2018 Clare Boothe Luce Fellowship 2016 Erastus C. Benedict First Prize in Mathematics (presented to outstanding sophomore)		
Mentoring	University of Washington Undergrad Directed Reading Program (DRP) <ul style="list-style-type: none">Co-founded a program that pairs undergraduates with PhD student mentors for independent studies. Modeled after successful Directed Reading Programs (DRPs) in mathematics departments at several universities. More information can be found at our website.Served as a graduate student coordinator for 2020-2021. Have managed admissions, recruitment, and scheduling for over 30 undergraduate research projects.Served as a mentor for the following undergraduate projects:<ul style="list-style-type: none">Winter 2020, Christina Nick, Statistical Natural Language ProcessingSpring 2020, Rachael Ren, Infectious Disease Modeling with Differential Equations. See project writeup and presentation.Autumn 2020, Harper Zhu, Infectious Disease Modeling on a Network. See presentation and shiny app.Spring 2021, Kayla Kenyon, Infectious Disease Modeling.Autumn 2021, Cathy Qi, Multiple Testing.Winter 2022, Hisham Bhatti, Statistical Concepts in Clinical Trials.		

- Spring 2022, Wei Jun Tan and Iris Zhao, Introduction to Computational Biology, co-mentored with Alan Min.

Service

- Reviewer for *Statistical Science*.
- Member of UW Statistics Undergraduate Curriculum Committee, 2021-2022.
- UW Statistics Graduate Student Representative (paid position that involves attending faculty meetings, serving on committees, and planning orientation for new students). 2020-2021.
- First round reviewer for PhD Admissions, 2020-2022.
- UW Statistics Diversity, Inclusion, Community, and Equity (DICE) Committee, 2019-2022.
- Chair of the UW Statistics Fun Committee, 2019-2020.
- Organizer and Founder: Statistics Education Reading Group, 2019-2020.

Outreach

- Lesson leader UW GEAR UP (Gaining Early Awareness and Readiness of Undergraduate Education) after school program (May 2021) and statistics summer camp (July 2022).

Other Activities

- Competed for the varsity swim and dive team at Williams College from 2014-2018.
- Trip leader (2015), leader trainer (2016), and director of transportation and logistics (2017) for the Williams Outdoor Orientation for Living as First-years (WOOLF).
- Williams College Great Ideas Committee (managed a budget of \$10,000 per year to implement improvements to undergraduate life), 2015-2017.
- Williams College Committee on Undergraduate Life (committee consisted of students, faculty, and staff), 2015-2016.
